Ref. \_\_\_\_\_

To  
Dr. Partha Chattopadhyay,  
Honourable Minister in Charge of Higher Education,  
Government of West Bengal.

Sub: Proposal for establishing a university to be named *Alipurduar University (APDU)* within the campus of Alipurduar College as the first Centre of Higher Education in the District of Alipurduar:

Dear Sir,

Please vide the attached logical proposal for the establishment of a university within the campus of Alipurduar College with an area of nearly 70 Bighas of land, 14 full-fledged honours departments, 4 hostels and 13 laboratories; and for that reason, in the beginning of the post-graduate classes in the proposed disciplines and streams, the government does not have to invest a big amount of money.

There is no institution for higher education in the district of Alipurduar; therefore, the establishment of at least one university will largely contribute to meet the need and demand of the people of the district.

We hope, you will be kind enough to declare Alipurduar College as the venue of 'Alipurduar University' or convert the college into a university of the same name as early as possible and oblige the people of Alipurduar thereby.

With regards,

We remain  
Sir,  
Sincerely yours

**West Bengal Act XVII of 2018**

**THE ALIPURDUAR UNIVERSITY ACT, 2018.**

*[Passed by the West Bengal Legislature.]*

*[Assent of the Governor was first published in the Kolkata Gazette,  
Extraordinary, of the 1st October, 2018.]*

*An Act to provide for constitution of the Alipurduar University and for certain matters connected therewith and incidental thereto.*

WHEREAS it is expedient to constitute the Alipurduar University in the district of Alipurduar on the land and properties of the existing Alipurduar College by abolishing the existing Alipurduar College, and to enable the University to function efficiently as a teaching, training and research centre in various branches of learning and courses of study, including Humanities, Social and Basic Sciences, management studies on tea, forestry, mountaineering and earth sciences and promoting advancement and dissemination of knowledge and learning, and extending higher education, to meet the requirements of higher education and research in the subjects and to serve the society and the nation:
