

Hostel Details:

At present the University has no Hostels for the Boys' and Girls' of its own but there is a "**Central SC, ST Boys Hostel**" adjacent of our University Campus and it is presently used by our boys students for accommodations.

For Girls students a Hostel has already been constructed and it will be in operation within a very short time. In addition, there is a "**Central SC, ST Girls Hostel**" and presently it is used by our girls' students for accommodations.

The future plan of the University is to construct both Boys' and Girls' Hostels for our students when government grants or other financial sources will be available.
